Where your child will learn *and feel loved.*®

OUR MISSION

The Malvern School is dedicated to educating young children through diverse and innovative programming. When choosing The Malvern School, families' expectations are met through our commitment to providing the finest curriculum and staff, all in a nurturing environment. At The Malvern School your child will learn *and feel loved.*

Where your child will learn *and feel loved.*[®]

Choosing child care is one of the most important decisions you face as a parent. The Malvern School appreciates childhood as a special and unique stage of life.

Our goal is to offer you and your child a high quality, developmentally appropriate program in a secure, creative, and stimulating environment.

The Malvern Way

WHAT MAKES THE MALVERN SCHOOL UNIQUE?

We offer your child:

- A curriculum based on the highest standards in early childhood education
- College-degreed teachers
- Quality Standards program
- Two custom-designed Specialty Rooms
- State-of-the-art outdoor play areas

All of these features add up to making The Malvern School the right place for your child to learn and grow.

SHARING IN YOUR CHILD'S GROWTH

The Malvern School recognizes that children succeed in school when there is strong parental involvement.

Because we want you and your child to make the most of this precious time, we keep you informed and encourage parent participation in various ways:

- Electronic Daily Profile reports
- Curriculum plans
- Monthly newsletters
- Quarterly progress reports
- Special events

TEACHING STAFF

Our college-degreed staff encourage children to discover the best in themselves. Our staff appreciate the uniqueness of each child and they recognize that what works for one child doesn't necessarily work for another. In their efforts to develop the "whole" child, our teachers continue to challenge the children by providing age appropriate activities in a stimulating learning environment. Our staff development program, Excellence Every Day, provides ongoing training to keep staff aware of current child development practices.

CHILD PROFILES

It is important for us to get to know your child personally, from the very first day! When you enroll your child in The Malvern School, we ask you to provide us with a personal profile of your child. This will allow us to know your child's likes, dislikes, and individual traits. In addition, this allows our teachers to tailor activities that are appropriate for your child's needs. We will continue to communicate with you about your child's individual development through an emailed daily profile report, as well as quarterly progress reports.

THE FASCINATION STATION AND DISCOVERY ROOM

The Fascination Station and Discovery Room are age appropriate, custom-designed rooms where your child will have daily unlimited opportunities to see, touch, and do through hands-on learning stations. The learning stations focus on sensory experiences, the arts, reading, manipulative play, and dramatic play. Our Fascination Station is a favorite among our Toddler children, and the Discovery Room is a special place for our Get-Set through After School students.

HELPING CHILDREN PREPARE FOR THE FUTURE

The Malvern School provides a learning environment in which children develop acceptance, respect, caring, and encouragement for each other. Our developmentally appropriate curriculum provides for your child's physical, emotional, social, and cognitive growth. All of this is accomplished within a safe, healthy and nurturing environment.

Our program is based on the highest standards in early childhood education. Maintaining these standards helps children of all ages reach their highest potential.

Based on your child's age and developmental level, he or she will take part in activities aimed at developing and enhancing fine and large motor skills; multicultural awareness; social emotional and self-help skills; language, math, science, music, and art experiences.

YOUR ASSURANCE OF QUALITY

The first responsibility of The Malvern School is to provide a high quality program. In our efforts to continually improve our programs, our Quality Standards team conducts annual reviews. During the Quality Standards Review, our validators assess the overall program and concentrate on the following:

- Health and Safety
- Educational program
- Appearance of the school
- Staff development

We realize that feedback from parents and staff plays an instrumental role in the quality of our program.

Therefore, parents and staff receive surveys to complete as part of our continued effort to meet parent, children and staff needs.
